ACADEMIC INFORMATION

- CGPA: **3.69**
- Exit Examination Score: **73.00%**
- Entrance Examination Score: **511**
- Grade 8 Examination Result: **81**
- Field of Study: **Computer Science**

SKILLS

- System development
- Networking and Cyber security
- Strong analytical and problem-solving skills
- Fast learner and adaptable
- Good communication skills
- Microsoft Office Suite

LANGUAGES

- English(Intermediate)
- Amharic(Fluent)
- Afan Oromo(Fluent)

PROFILE

Motivated Computer Science graduate with a solid foundation in networking and cybersecurity, including hands-on experience with Cisco technologies, TCP/IP, and network analysis tools.

Completed the Huawei ICT Academy course in 5G Network and Applications, with growing exposure to Huawei networking technologies and cloud computing concepts.

Eager to apply practical skills, continuously learn, and contribute to modern networking, cybersecurity, and telecommunications environments.

EXPERIENCE & ACHIEVEMENTS

Cybersecurity CTF Competition

Jimma University | October 2025

- Ranked 1st place in a university-wide CTF competition evaluated by INSA experts and got reward from Director General of INSA(Tigist Hamid)
- Solved real-world challenges in network security, system vulnerabilities

Meal Attendance System

Salale University | Internship

- Applied strong problem-solving and analytical skills in technical scenarios

CERTIFICATIONS

- Introduction to cyber security Ethical Hacking course (Cisco)
- Ethical Hacker(Cisco Networking Academy)
